## *Do knights still exist today?*

Even though the physical armor is gone, the armor of God (Eph 6:10-17) must now be worn, to be ready for the daily spiritual battles that ensue. Our society today desperately needs you as young men to aspire to become MODERN DAY KNIGHTS. History is always in the making.

### *What will your history be?*

Since the early age of Knights, people often have romantic notions of how wonderful these men were. Riding in on white horses, rescuing damsel's in distress, but who were they? Most knights were sons of aristocrats, noble upper class families. These men possessed many attributes, but most notably chivalry. Chivalry today has been watered down to simply opening a door for a female, or pulling back a chair. Chivalry meant much more then, and was a knights complete code of conduct – honesty, obedience to God, loyalty to king and country, humility and most importantly charity. Knights were protectors of the weak. They were warriors, and not just for battles sake, but to protect all. A knight stood on the battlefield but also in society as an example of what a man should be, protectors of the weak and defenseless but also warriors against anyone who threatened their communities or land.

## DADS TRACK

FRIDAY JULY 17- SUNDAY JULY 19TH, 2015

The most important responsibility in a father's life is to be the role model for his son. This special track is for all dads of boys attending the camp, and a call to arms for them to commit one weekend with their son. Can you think of anything more important than taking the advantage of this unique opportunity with your son?

We as dads constantly battle the busyness of our world, and perhaps sometimes neglect the most important part of our lives, our spiritual lives and the relationship with our son. It is a fact that the best memories most men have is when they were young, and special times that they shared with their dads. This weekend track provides all dads with an awesome opportunity to discover a new relationship with both God and their son and to make precious memories that will last a lifetime.

All dads are invited to join their sons for a full day of paintball on Friday July 17th. (must arrive by 7am) After a full day of team warfare and fun with your son, you will be treated to a powerful fatherhood talk Friday night, along with joining your son for a special nighttime adoration procession and some down time with our Lord. The beautiful country setting and ceremony will have a lasting impression on your son, with his father sitting right next to him in adoration. Saturday dads will participate in activities with their son as well as receive more spiritual food through fatherhood talks. A special "Dads night out" will be hosted Saturday evening for comradery building and some adult time. Finally, invite your family to join Sunday for the closing Mass and medieval festivities with lunch for all.
