## For Boys in K-4TH GRADE

The 5 to 7 age range is an ideal time to introduce boys to the concept of leadership. They are extremely impressionable and curious when it comes to understanding what it means to be a man. Interaction with solid, virtuous examples of teens, young adults and dads, give the boys a great opportunity to fulfill such a quest.

The 8 to 10 age range is a pivotal time in a boy's life. Waiting on the threshold of his young life are the adolescent years which are highlighted by a sense of independence amid emotional, social, and other types of changes. Therefore, it is imperative to assist him in learning and applying the basic truths of a virtuous masculine life. This will help him build a solid foundation that cannot be uprooted by the pressure of the world later. Of greatest importance in this quest for a virtuous foundation in a boy's life is a personal relationship with Jesus Christ, his savior and friend. By means of mentoring, the boys are guided through the age appropriate development of virtues such as respect, kindness, service and compassion, all while developing leadership skills.

Each week there is an activity focused on the virtue of the specific campaign. The virtue campaign runs about 4 to 6 weeks. There are seven parts to the Conquest JR weekly activity, which are different from the Conquest meeting. Point chips and positive motivation is encouraged.
